SAINT-GOBAIN

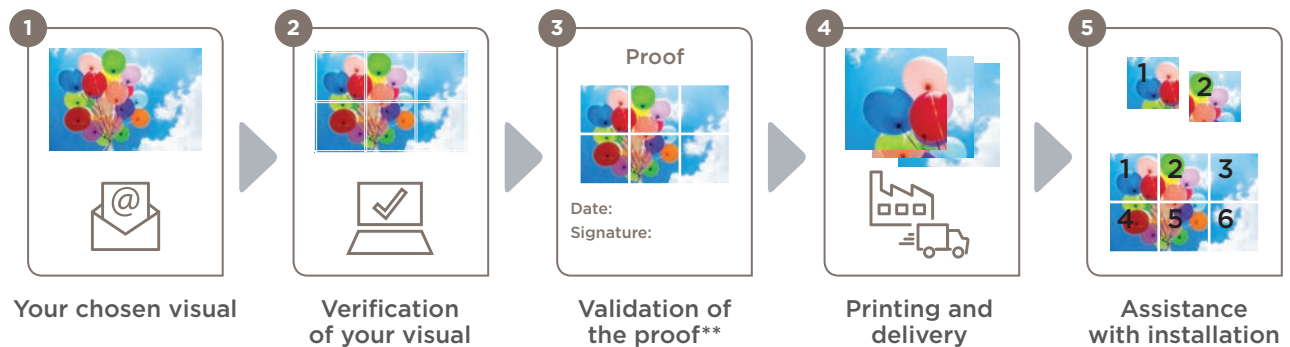

# MyCONCEPT: for unique & fully personalized rooms!

For unique and fully personalized projects, thanks to MyConcept service, you can print your own visuals straight on the ceiling's acoustic tiles. Company logos, text, icons, photos or drawings: the only limit is your imagination!

## WHAT IS MYCONCEPT?

- The possibility of using the **ceiling** as a **decorative surface** with one or more customized tiles\*.
- Tiles offering **proven performance levels**.
- The peace of mind of seeing a **preliminary design** before placing the order.
- **High-definition** print quality.
- **Support and guidance** throughout your project:

\* Depending on the visual resolution (minimum of 300 dpi). Contact us.

\*\* Due to the production processes, the proof is not binding and is provided for information only. MyConcept tile colors may vary slightly from one production batch to the next.

*My***CONCEPT**: for unique & fully personalized rooms!

## MYCONCEPT IN PRACTICE

### Specifications:

-  Dimensions:  
**600 x 600 mm**  
**600 x 1200 mm**  
Other: contact us.
-  Thickness: **22 mm**
-  Edges: **A**
-  Compatible **with T15 / T24 grids**

### System performance:

-  Acoustic absorption:  $\alpha_w = 0.95$   
Regardless of the visual's tile coverage rate\*
-  Fire reaction: **According to the visual's tile coverage. Contact us.**
-  IAQ: 

For other performance ratings and specifications, visit [www.eurocoustic.com](http://www.eurocoustic.com).

*Visual's tile coverage rate\*: ratio between the printed surface and the tile's total surface area.*

### For your visuals:

- Formats: .pdf, .jpeg, .gif or .ai
- Minimum resolution: 300 dpi
