

IPKW NUON offices

Arnhem - Netherlands

PROJECT

The creation of an industrial park in Arnhem has given local companies access to a range of new collective facilities and amenities that will offer a better working environment.

To fit out these modern and customizable spaces, Eurocoustic was chosen to provide acoustic ceiling solutions conforming to the applicable fire safety regulations for these offices.

CUSTOMER REQUIREMENTS

- Acoustic comfort
- Fire safety

OUR SOLUTION

White TONGA® A22 tiles to provide the acoustic absorption and safety required by the customer.

TONGA® A22

- **Acoustic performance:** Thanks to their optimal acoustic absorption performance of $\alpha_w = 1$, TONGA® A 22 tiles improve acoustic comfort by reducing ambient noise to ensure that conversations are clearer and more intelligible.

PRODUCT BENEFITS

- Acoustic absorption: $\alpha_w = 1$
- Fire reaction: A1 for the white tiles and A2-s1, d0 for the colored ones
- Coefficient of light reflection greater than 87%
- Reduction in artificial lighting needs
- Over 700 format and veil combinations
- 15-year warranty for the complete system (tiles and grids)
- Indoor Air Quality (IAQ): A+ Class

SURFACE AREA: 3,000 M²

CITY: Arnhem

COUNTRY: Netherlands

BUILDING: Offices

COMPLETION DATE: 2015
